Nobody else makes me feel like you do,
When we're together my heart, just won't keep steady,
it goes!

Pump, pump, pump!
One touch from you and I swear it goes!
Pump, pump, pump!
And I can't control it babe,
Pass the moon and the stars,
When I'm alone with you,
Can't nobody rock my body the way you do?
I just wanna kiss, I wanna hold you close,
I wanna be the one you need the most,
Right by your side forever just as long as you:

Chorus:

Let me be the one to love you!
Let me keep you safe in arms!
Let me be the one to love you!
Let me keep safe in arms!

Just like the rain when it falls on me,
Is the way it feels when you're loving me!
I gotta keep you here by my side,
I can't let you go, cause you make me pride!
Pass the moon and the stars,
When I'm alone with you,
Can't nobody rock my body the way you do?
I just wanna kiss, I wanna hold you close,
I wanna be the one you need the most,
Right by your side forever just as long as you:

Chorus:

Let me be the one to love you!
Let me keep you safe in arms!
Let me be the one to love you!
Let me keep safe in arms!

Baby let me take you to a place or a town,
High above the galaxy, high above the clouds,
So high, so high!
Let's go, let's go!

Can I take you?
You'll be safe in arms! (x2)

Chorus:
Let me be the one to love you!
Let me keep safe in arms!
Let me be the one to love you!
Let me keep you safe in arms!
Let me be the one to love you!
Let me keep you safe in arms!
Let me be the one to love you!
Let me keep you safe in arms!
