So Looongggg [Yeeaahh]
So Looongggg, So Looongg [Yeeaah]

[Verse 1]

You never miss what you had until its gone
So I guess what we had was so wrong
All is fair in love and war
But we don't even know what we fighting for
Cause if its for love how could this be?
Was it the sex that made us both happy?
Guess well never know ever ever know [oohhh]

[Chorus]

For all of the reasons that you scheme
For all of the reasons that I scream
For all of the reasons why I cry
For all of the reason why you lie
So Long I'm saying so Long
So Looooong So Long I'm saying So Long

[Verse 2]

Don't even know why I try too
Gotta go to mars just to reach you
Your words were "Baby let me teach you"
Seems like the only thing i learned
Was cheating from you
Back and forth we go now
Seen to much of this showdown
This ship is sinking its about to go down
I think its time for me to say

[Chorus]

For all of the reasons that you scheme
For all of the reasons that I scream
For all of the reasons why I cry
For all of the reason why you lie
So Long I'm saying so Long
So Looooong So Long I'm saying so long

[Verse 3]

I gave you everything

I gave you everything but i guess
That my everything just wasn't enough
You made the choice
You made the choice now I'm closing the door
To love as we know
That's why I'm saying so long
Its hard for me but now I'm saying so long
You got me saying so long
Goodbye Baby
I'm leaving baby never coming back
This is my last and final cry
Goodbye So Long Bye Bye Baby.
