Given the way we're living  
Wouldn't you say we're killing ourselves?  
Given the way we're living  
Wouldn't you say we're killing ourselves?

Why do you say don't worry  
This is the way we're killing  
Ourselves

Given the way we're living  
Wouldn't you say we're killing ourselves?  
Why do you say don't worry?  
This is the way we're killing

We're killing, we're killing, we're killing

Given the way  
Wouldn't you say  
Why do you say  
This is the way  
Ourselves

Given the way we're living  
Wouldn't you say we're killing ourselves  
Why do you say don't worry  
This is the way we're killing  
Ourselves, ourselves, ourselves
