I've seen something new  
Seems that it's in you  
Now there's something I must do

There's so much more  
To forgive you for  
But nothing said  
My lips unread

I'll try something new  
Open up to you  
What more can my conscience do

There's so much more  
To forgive you for

Speak to me  
Nothing will help more than your honesty  
Give to me  
Knowledge that I can show some sympathy

Speak to me  
Speak to me

Broken into two  
Once torn now made new  
The first time, I'm embracing you

There's so much more  
To forgive you for  
But nothing said  
My lips unread

Speak to me  
Nothing will help more than your honesty  
Give to me  
Knowledge that I can show some sympathy

There's so much more  
To forgive you for  
But nothing said  
My lips unread

Speak to me  
Nothing will help more than your honesty  
Give to me  
Knowledge that I can show some sympathy

Speak to me  
Nothing will help more than your honesty  
Give to me  
Knowledge that I can show some sympathy

Speak to me  
Speak to me
