(Verse)

He was a boy in love, just not with me,
I did not see how hard it would be
To love alone without another
Crushed my heart, I fell into pieces.

(Pre-Chorus)

I was a girl in love,
Gave my heart,
Lost my soul
And even though
I was not enough for him back then
I wonder how it could've been.

(Chorus)

I'm flying without you,
I'm right now without you.
I found something better,
I love more than ever.
I love more than ever.

(Verse)

You were my fantasy,
You gave me something no one else could ever give.
Seemed like a dream back then,
Another story, we were young and innocent.

We were a perfect picture,
Make believe I could not see it in went.
Time and time again you left me there,
Another happy memory.

(Chorus)

I'm flying without you,
I'm right now without you.
I found something better,
I love more than ever
