(Chorus)

Our love is like the morning clouds,
Like the morning dew, that goes away.
Our love is like the morning clouds,
Like the morning dew that goes away.

(Verse)

Nothing lasts but memories,
The best one seem to go by slow.
Try to write the perfect song for you
Then I realize it didn't belong to me,
It didn't belong to me.

(Chorus)

Our love is like the morning clouds,
Like the morning dew, that goes away.
Our love is like the morning clouds,
Like the morning dew that goes away.

(Verse)

Heaven knows how long to go,
We never have a thing to show.
Every day seems like the same
Then I realized I didn't belong to you,
I didn't belong to you.

(Chorus)

Our love is like the morning clouds,
Like the morning dew, that goes away.
Our love is like the morning clouds,
Like the morning dew that goes away.

Like the morning dew
Love is like the morning clouds.
