I'm in a cube land.
I dig with cold hands.
I use tools to try and
Climb out of this mess I've ma-a-a-ade

(2-3)
My door is open
Skeletons and zombies
I am broken
As they walk all over me.
But if I keep on building walls
Maybe they'll stay away

Think fast, it's got to last
If your gonna make it through the rest of the day
I'm trapped, I can't go back
I've made the choice to stay

And we'll fight... Keep defending through the night.
(We'll fight the good fight)
Live... We're all driven to survive. (We'll fight the good
fight)
I'll keep going, just stay by my side

I'm in a cube land
My castle so grand
And once I lay these tracks I'll finally
Make My escape

I am no-one
I have no place, no one relates
And there is no sun
As the night covers this space
But I beg you please please
Don't let this life go to waste

Think fast, it's got to last
If your gonna make it through the rest of the day
I'm trapped, I can't go back
I've made the choice to stay

And we'll fight... Keep defending through the night.

(We'll fight the good fight)
Live... We're all driven to survive. (We'll fight the good
fight)
I'll keep going, just stay by my side
