It's chilling how you love to hate all the girls that love  
you  
All your thrills from the kills of already bleeding hearts  
Only I can see the truth behind the heartless things that  
you do  
As one chapter ends another story starts

You're so blind  
A shadow to passers by  
When will you find  
Your reality aint real  
You're not who you are  
You're just a fading star  
I hope she breaks your heart  
I hope she breaks your heart

I was singing when I walked away from your burning  
blaze  
I took the words you threw at me now I'm using them as  
energy  
You dried me out then set my heart aflame  
Now I'm free falling in your fading gravity

You're so blind  
A shadow to passers by  
When will you find  
Your reality aint real  
You're not who you are  
You're just a fading star  
I hope she breaks your heart  
I hope she breaks your heart  
Like you broke mine  
So go ahead and deny that you're in love  
So go ahead and try to run from your love

You're so blind  
A shadow to passers by  
When will you find  
Your reality aint real  
You're not who you are  
You're just a fading star

I hope she breaks your heart  
I hope she breaks your heart  
You're so blind  
A shadow to passers by  
When will you find  
Your reality aint real  
You're not who you are  
You're just a fading star  
I hope she breaks your heart  
I hope she breaks your heart
