You're alone, you're on your own, so what?

Have you gone blind?

Have you forgotten what you have and what is yours?

Glass half empty, glass half full

Well either way you won't be going thirsty

Count your blessings not your flaws

You've got it all

You lost your mind in the sound

There's so much more

You can reclaim your crown

You're in control

Rid of the monsters inside your head

Put all your faults to bed

You can be king again

You don't get what all this is about

You're too wrapped up in your self doubt

You've got that young blood, set it free

You've got it all

You lost your mind in the sound

There's so much more

You can reclaim your crown

You're in control

Rid of the monsters inside your head

Put all your faults to bed

You can be king again

There's method in my madness

There's no logic in your sadness

You don't gain a single thing from misery

Take it from me

You've got it all

You lost your mind in the sound

There's so much more  
You can reclaim your crown  
You're in control  
Rid of the monsters inside your head  
Put all your faults to bed  
You can be king

You've got it all  
You lost your mind in the sound  
There's so much more  
You can reclaim your crown  
You're in control  
Rid of the monsters inside your head  
Put all your faults to bed  
You can be king again
