Why is it always you  
I come running back to you when I hear a vacant heart  
Where am I going wrong I've wanted you for too long  
I can't seem to restart  
I would be an ornament if that would keep you content  
I'd be anything for you  
You seem to want everything except for what I'm  
offering  
I will never make do  
Had my piece of you and my fifteen minutes of shame  
It was hell what I went through why do I wanna do it all  
again  
I don't know why I'm still here  
You've had me chasing you for years  
I don't know why I still care but I do  
I don't know what it is you got  
That I seem to want so much  
But whatever it is its stolen away my soul  
I never wanted anything more than you  
More than you

I painted my face for you just like you asked me to  
Like the other girls  
You stole the sun from the sky and sung me a lullaby  
We were on top of the world  
You left and then acted like we never existed  
Do you know how hard I tried to be everything you  
wanted  
I don't know why I'm still here  
You've had me chasing you for years  
I don't know why I still care but I do  
I don't know what it is you got that I seem to want so  
much  
But whatever it is its stolen away my soul  
I've never cried over anyone more than you  
I don't know why I'm still here  
You've had me chasing you for years  
I don't know why I still care but I do  
I don't know what it is you got that I seem to want so  
much  
But whatever it is its stolen away my soul

I never wanted anyone more than you  
More than you
