Verse 1

Since the day that i left you my life has been worthless
without you
and i tried to get by on the wings of my pride every
night i need you

(Girl)

Life for me has been empty and cruel
and at times i feel like a fool
wondering aimlessly in and out of transitions (BLANK) i
need you

Chorus:

I cant live without you (Yes ive tried and i found that its
true)
I cant live without you
I cant function or cope without you
I cant live , I cant breathe (Oh ho i)
I cant move , said i cant do life
without you
without you
without you (I cannot make it)
Without you
Without you
