If the world is ending right this second  
If the sky is gonna fall who you gonna call  
Your father, mother, friend or brother  
Need you most of all, who you gonna call

So many times I starred at your number  
Wish I could tell you how much I tell you  
How much I love you

Sitting on the floor in my hotel room  
All my friends are gone and I'm missing you  
So far, so wrong  
Tell me now who you gonna call  
I'm one of unfinished business  
Riding strong and then offer forgiveness  
Too long, too, long  
Tell me now who you gonna call

Tears of sadness hurt and regrets  
Can't take it anymore  
So who you gonna call  
Good or bad news  
Fame and fortune  
When you've lost it all  
Who you gonna call

Have you been tempted  
Starred out my number  
Wish I could hear you  
Tell me you feel it

Sitting on the floor in my hotel room  
All my friends are gone and I'm missing you  
So far, so wrong  
Tell me now who you gonna call  
I'm one of unfinished business  
Riding strong and then offer forgiveness  
Too long, too, long  
Tell me now who you gonna call

Lie awake, try to find the words we never say

It's never the right sign to save me

Sitting on the floor in my hotel room  
All my friends are gone and I'm missing you  
So far, so wrong  
Tell me now who you gonna call  
I'm one of unfinished business  
Riding strong and then offer forgiveness  
Too long, too, long  
Tell me now who you gonna call

Sitting on the floor in my hotel room  
All my friends are gone and I'm missing you  
So far, so wrong  
Tell me now who you gonna call  
I'm one of unfinished business  
Riding strong and then offer forgiveness  
Too long, too, long  
Tell me now who you gonna call

If the world is ending right this second  
If the sky is gonna fall who you gonna call
