The sky has lost its color
The sun has turned to gray
At least thats how it feels to me
Whenever you're away
I crawl up in the corner
To watch thie minutes pass
Each one brings me closer to
The time youre coming back

I cant take the distance
I cant take the miles
I cant take the time
Until i next see you smile
I cant take the distance
And im not ashamed
That with every breath I take
Im calling your name
I cant take the distance

I still believe my feelings
But sometimes I feel too much
I make believe youre close to me
But it aint close enough
Not nearly close enough

I cant take the distance
I cant take the miles
I cant take the time
Until i next see you smile
I cant take the distance
And im not ashamed
That with every breath I take
Im calling your name

I'd breath fire
And I'd be free
To be by your side
I'd do anything
I cant take the distance

I will go the distance
I will go the miles

Thats how much you mean to me

Cause I cant the distance
I cant take these miles
I cant take the time
Until I next see you smile
And I cant take take the distance
And Im not ashamed
That with every breath I take
Im calling your name
I cant take the distance
