Gone to Puerto rico down to Sao Paulo
Livi'n to the hype, girl you're my type
Toss the champagne
Baby, what's your name, I love to play a game
You love to play a game?
Spin it like a bottle, taste it to your lips
I know you want it now, I said do you want it now?

Walki'n like a model, Loosen up a bit
Groovin' to the music the vibe and the beat
Seen you at the dance floor
I said seen you at the dance floor

All right

Tease me all the things you have and I'll top that, top that
Just play with me and don't make a sound and then I'll make that
Oh my bitch we run out of lasers, this sound was not made to cater
Woke the coma up, it's the haters, do girls freak with the ballers?
I don't know If you keep with his shit, the realest shit wouldn't make this legit
Uh, It's dark fantasy, Two people in the world had orgy
Second girl to the left no panties
If you're looking for a good time bro, find a girl that's always broke
She's messing if you have more coke,
Now, dj just kept playing, words like this I'm saying
She whispers she would do when I enter in her room and
It's a new stool it's a new crack white bitch in the club drank cognac
It's a fashion week in Milan, Jungle fever theme you delorean
What you wearing you look like a zebra, is that an animal skin in your new bra
Pretty girls don't dance alike they do, drink soda, do yoga, fuck a little while and it's over
Candy cane with a girl on a strip pole, Private jet with a

blonde and a seagull
School girl in the club no equal; don't be so paranoid
she said
We just came here to party, get married on the floor
Cat walking through the door

Walki'n like a model, Loosen up a bit
Groovin' to the music the vibe and the beat
Seen you at the dance floor
I said seen you at the dance floor

Walki'n like a model, Loosen up a bit
Groovin' to the music the vibe and the beat
Seen you at the dance floor
I said seen you at the dance floor

Walki'n like a model, Loosen up a bit
Groovin' to the music the vibe and the beat
Seen you at the dance floor
I said seen you at the dance floor
