Flying through the air
side by side we dip bend and climb
Flying through the air so free
Feel them left behind below us
Flying through the air
Mad old you and me
We are going at just for kicks for kicks you'll see
That they'll wish they were you
Right along here with me
You and me.
Climbing through the sky
Leaving all our thoughts far away
Climbing feel the stars up here
Touch your eyes and fall beside you
Side by side we soar
Me and you just glide
We are gaming in a fall a fall a fall we feel
But it's all in your mind
As we turn round and climb
Right back here.
Wo wo wo
etc.

Great white silver bird
Soars again to catch
Good old mister sun who hides who hides who hides
for fun
But it's all in the game
Life is still all the same
Here we go.
Wo wo wo
etc.
