[1ST VERSE]

Girl you need a facelift really really bad
Yo face so busted it lookin' kinda sad
Go to the surgeon you can put it on my tab
And while you at it you could go remove that flab
You lookin' so weird like yo face got slashed
Is that a tattoo or your mustache?
Y'all need a complete overhaul
Not one of them treatments at the mall
You got a big nose and yo lips uneven
Girl you is just tragic yo we should be grievin'
Fix that mop hurr wit a weave
Bite the apple and die bitch Adam and Eve
Leave that thrift store stop dressin' like a ho
It's a full production you a one man show
U-G-L-Y bitch u got no alibi
You so nasty yo face make me wanna cry

[CHORUS 2X]

You need a facelift, facelift, facelift, facelift
'Cause you lookin' so whack
You smoke a lotta crack
Must've got hit by a train layin' on the tracks

You need a facelift, facelift, facelift, facelift
'Cause you lookin' like shit
You 'bout to get hit
Don't try to look good bitch y'all need to quit

[2ND VERSE]

Lookin' like Whoopi Goldberg after death
Maybe it from all that crystal meth
Ya must be permanently constipated
And prolly you sexually frustrated
Homegirl lookin' weird wit a nasty twitch
Behind yo back we is callin' you an ugly bitch
It's a miracle any man wanna fuck
Err-body know it only 'cause u a slut
Always been a pussy lovin' bitch fo-sho
But I ain't eva gonna fuck yo camel toe
Wit all da mens u tryna get physical
But yo face make all them miserable

Ya finally got a weave but it lookin' so ratchet
Yo face is repulsive nobody wanna smash it
U-G-L-Y bitch you got no alibi
You so nasty yo face make me wanna cry

[CHORUS]

You need a facelift, facelift, facelift, facelift
'Cause you lookin' so whack
You smoke a lotta crack
Must've got hit by a train layin' on the tracks

You need a facelift, facelift, facelift, facelift
'Cause you lookin' like shit
You 'bout to get hit
Don't try to look good bitch y'all need to quit
