(1st Verse)

Yeah, Hey,  
They say I'm young,  
But my purpose is the inspiration of a nation.  
Innovation, 'till I change the talking  
To a conversation.  
I'm like a doctor  
And my patients are anxiously waiting.  
Healing all the hating  
That's faking in the paper chasing  
It's hard to live up to these expectations  
That I'm facing  
and gain the admiration  
Of an older generation  
That's why I'm pacing back and forth  
Contemplating, meditating how to use what I've been  
taught  
As a positive force

(Chorus)

Oh this is who I am  
I wish you'd understand  
It's time to set me free  
My Guardian Angel  
No no matter what I do  
I'm still apart of you  
I hope you'll always be  
My Guardian Angel

(2nd Verse)

I wanna be the greatest in the world  
Not for the money, or the fame, or the girls  
Not for the car keys, or the jet skis, or the vacation to the  
West Indies  
But simply 'cause love it  
When I write I'm like a puppeteer  
Pulling my strings til the melody sings  
And the honesty makes me spread my wings  
You calling me out  
without your mind  
Send that thought back down your spine  
I'm on the grind

It's on the line  
Road signs say both ways at the same time  
Most days I can't wait to rhyme  
Express my stress elevate and shine  
Progress, regress  
Each step's climbed  
So I take that test and I testify

(Chorus)  
Oh this is who I am  
I wish you'd understand  
It's time to set me free  
My Guardian Angel  
No no matter what I do  
I'm still apart of you  
I hope you'll always be  
My Guardian Angel

(3rd Verse)  
I feel so misunderstood  
'Cause my intentions were good  
If you can only see that poetry can hide in the hood  
The passion in Philosophy of possibilities  
Every dream is in my reach  
I'll find my freedom in this beat  
Follow me now it's a brand new ground  
Swallow your pride I'll make you proud  
All of my life I've lived out loud  
We just preached to different crowds

(Chorus)  
Oh this is who I am  
I wish you'd understand  
It's time to set me free  
My Guardian Angel

Oh this is who I am  
I wish you'd understand  
It's time to set me free  
My Guardian Angel  
No no matter what I do  
I'm still apart of you  
I hope you'll always be  
My Guardian Angel
