If you want, I could say your name.  
Hold our breath, so weâ€™ ll feel again.  
I donâ€™ t know if I could sacrifice; the weeks that I  
spent,  
Holding on by a single thread.

But Iâ€™ ve been spending all sleepless nights,  
On the floor.  
And now I donâ€™ t even close my eyes,  
Anymore.  
And I donâ€™ t want it to happen twice;  
Cause weâ€™ ve been here once before.

It was you, said it all went wrong.  
Well we were just fine yesterday,  
Now today youâ€™ re gone.  
But now in a second glance,  
You only need a second chance,  
But I canâ€™ t.  
Iâ€™ m afraid that Iâ€™ m not that strong.

But Iâ€™ ve been spending all sleepless nights,  
On the floor.  
And now I donâ€™ t even close my eyes,  
Anymore.  
And I donâ€™ t want it to happen twice;  
Cause weâ€™ ve been here once before.

But Iâ€™ ve been spending all sleepless nights,  
On the floor.  
And now I donâ€™ t even close my eyes,  
Anymore.  
And I donâ€™ t want it to happen twice:  
Cause weâ€™ ve been here once before.
