Get your cock stiff and change the topic
Mansion in the tropics, hot shit
Laser cut key by the locksmith
Tight security, see four just to pop shit

Nigga know we stop shit
Only see the broads, see more when you cop it
Don't shake your [Incomprehensible], and start fours
when I rock it
I got all your cash, what more can I pocket
Holdin' down the fort, no other bitch can top this

Can you flip it? Can you hit it? Are you ready to get with
it tonight?
(Can you give me what I want? Can you do the things I
want?)
Can you kiss below the border while I run a camcorder
tonight?
(Can you give me what I want?)
Are your skills okay? Can you do me right?

(Are you capable?)
Are you capable?
(Do you think that you can handle the floor for sure?)
For sure, for sure

(Are you capable?)
Are you capable?
(Can you spank it 'til I'm beggin' for more, for sure?)
(Are you capable?)

Who be the capramell mami
Niggaz wanna with me like I was the Kawasaki
Open up the pocahonta face, the Gabanna lace
Shit I hate your man, hopin' never leave a trace

Yo why you fell in love with a dime like, oh lovely
Sippin' bubbly, niggaz wanna rub me
In the tub, see, 'cuz I'm nasty
Though your back be in the backseat
In my rimmed up [Incomprehensible]

Can you flip it? Can you hit it? Are you ready to get with it tonight?

(Can you give me what I want? Can you do the things I want?)

Can you kiss below the border while I run a camcorder tonight?

(Can you give me what I want?)

Are your skills okay? Can you do me right?

(Are you capable?)

(Do you think that you can handle the floor?)

Can you handle the floor?

(For sure)

Can you handle the floor?

(Are you capable?)

Are you capable?

(Can you spank it 'til I'm beggin' for more, for sure?)

(Are you capable?)

(Do you got the stamina?)

(Are you just an amateur?)

(Are you capable?)

We can pull an all nighter

(Can you [Incomprehensible]?)

(Do you got the anecdote?)

(Are you capable?)

(Are you capable? Are you capable?)

Can you give me what I need, baby?

(Are you capable?)

(Do you think that you can handle the floor?)

Can you handle the floor?

(For sure)

Can you handle the floor?

(Are you capable?)

I gotta know, baby

(Can you spank it 'til I'm beggin' for more, for sure?)

(Are you capable?)

Can you make it right?

(Do you think that you can handle the floor, for sure?)

(Are you capable)

(Can you spank it 'til I'm beggin' for more, for sure?)
