I just wanna say hello to you
But you're not lookin' my way
Like you trying to act cool
I think I lost my mind
Back there and then
Oh how I let my feelings go

You see, I know it's just a crush
And a crush won't ever last long
No one's forcing it, boy
So you I'll put aside
Thought friends we would be
Oh, boy!

*Sadly you took my smile away
Every time you look my way
It fades away
I think it's best it stays this way
Every time you look my way
Yeah, it fades away

You just wanna say hello to me
Now the table's turned
I'm not lookin' your way

Don't get it wrong
Oh, it's twisted up
Alright let's make this story short

You see, I know it's just a crush
And a crush won't ever last long
No one's forcing it, boy
So you I'll put aside
Thought friends we would be
Oh, boy!

Repeat *

Whao!
Why did it have to go down this way?
I'll admit I feel you when you are near

Maybe baby we got it all wrong

Repeat * x2
