I know sometimes things make it hard
Sometimes it seems we drift apart, but
I'll never let you go, no ãfÂçâ, ¬"
words cannot express my love for you

You never have to worry baby
'cause I won't ever run away
I'll never leave you lonely
I'm here for you
We're meant to be, oh
[Chorus: Repeat 2x]
I'm never too far
No matter how far
Reach out and call
I'll be right where you are
Never too far
With you is where I wanna be
I'm never too far
So many things you do for me ãfÂçâ, ¬"
I love it when you hold me baby
Stare into my eyes, steadily
This love is so complete

You don't ever have to look nowhere else
'cause what I have to give
Is all for you ãfÂçâ, ¬"

Just know that I am here to stay
I'm not going nowhere
I'll be here everyday ãfÂçâ, ¬" yeah, yeah

You should know (And you should know)
I'll never go (I'll never go)
Far away
'cause I'm in love

And how I feel (How I feel)
You know it's real
I'll never be ãfÂçâ, ¬" too far away (I'm never too far)
[Chorus: Repeat 2x]
I'm never too far
No matter how far

Reach out and call
I'll be right where you are
Never too far
With you is where I wanna be
I'm never too far
Know that (Know that I)
I need you (I need you)
I love you (I love you)
I trust you (I trust you)
You are (You are my)
My baby (Baby)
Call me *ÃfÂçâ, -" I'll be there waiting*

Know that (*IÃfÂçâ, -Ã,Â!*)
I need you (*Need youÃfÂçâ, -Ã,Â!*)
I love you
I trust you
You are (You are my)
My baby (Baby just call on me)
Call me *ÃfÂçâ, -" I'll be there waiting (I'm never too farÃfÂçâ, -Ã,Â!*)
[Chorus: Repeat 2x]
I'm never too far
No matter how far
Reach out and call
I'll be right where you are
Never too far
With you is where I wanna be
I'm never too far

[Ad lib to end *ÃfÂçâ, -Ã,Â!*]
