There's two things you don't fuck with  
A girl's dough, and her heart  
So I'm here to let y'all niggas know, fo' sho

Gave you my money, let you push my Benz  
Up in my 600, chillin' with your friends  
Boy I gave you everything you need  
Guess I was a silly bitch in love, oh

All of my girls say, he's playin' you  
But I said, "Mind your business 'cause that ain't true"  
Boy, you had me twisted and all confused  
No more am I, silly bitch in love

I was so silly  
(Silly)  
I was wide open  
(Open)

I was in love  
(Your love, your love)  
Yes I was, silly bitch in love, oh

You had a dime but you cashed it in  
I let you play me again and again  
How many nights must I curse myself  
Guess I was silly bitch in love, oh  
(Silly)

You remember all the time you spent out all night  
Just clubbin', comin' home and then  
I still gave you my lip, my hips, all of my chips  
I guess I was silly bitch in love  
(Silly bitch)

Kept you draped in Dolce and iced out Roley's  
(Iced out Roley's)  
Foolish enough to believe anything you told me  
(Anything you told me)

Now you wrapped in dough and you got it all  
But my love was the cost and you had me lost

(Yes I was silly bitch in love, oh)

You had other bitches in my car  
(Go ahead, keep the Roley and the Benz)  
Now you got other bitches wearin' my bra?  
(I ain't mad, I ain't mad)

Nigga you ain't know, you was fuckin' with a star  
(I ain't mad, I ain't mad)  
Ain't that bitch puttin' up with that silly shit no more  
(Silly bitch in love)  
Nigga you out the door

I was so silly  
(To let you push my Benz)  
I was wide open  
(I didn't listen to my friends)

I was in love  
(I guess I was)  
Yes, I was, silly bitch in love, oh

Silly bitch in love, oh  
Silly bitch, silly bitch  
No more am I  
(Silly bitch in love, oh)

So silly, oh, oh  
How could I let you treat me so bad?  
Lost in love, lost in love  
(Silly bitch in love, oh)  
Silly, silly, silly bitch
