I don't wanna play ith your feelings girl,
gotta be honest with you,
i been lieing to you,
i've already gotta a girl
and im suprised all this time you couldn't tell
thats why ma fone is alwayz off
and you gettin the voice mail,
i don't wanna lose you at all
but i love you both
and whats funny is i think i love you the most
im so into you, something bout you, i'm feeling like i'm
nothing without you

Yo..I can see us settleing down and you having ma

But i can't leave her she got ma baby boy
