I wanna cry but the tears won't come out
It feels like a dream when i see her eyes gleam
I have nothing left to say
Which will take it away
The pain that grows inside
I have nowhere left to hide

The feelings they come
And they do make me hum
But it's not the hum of joy
Since i'm only a boy
I have nothing left to loose
All I had is already lost

And my stomach churns while my heart yearns
You have moved on to me
You still ain't gone
You are so near
But so far
Yes, you know
What you are
You don't know what you do to me
I wanna be like you used to be
Ooh
Be like you used to be

The anger that fills me when you don't say
"æhi"
I just stop and stare while you pass by
My mates see me and they try to calm me down
But it just doesn't stop me from turning around

Getting one last glance
While I still have a chance
Then you are gone and you have moved on

And my stomach churns while my heart yearns
You have moved on to me
You still ain't gone
You are so near
But so far
Yes, you know

What you are
You donâ€™t know what you do to me
I wanna be like you used to be
Ooh
Be like you used to be
I wanna be like you used to be
Ooh
Be like you used to be

I try to run away
From myself all day
Cuz i canâ€™t let it show
Where i really wanna go
I wanna be by your side
Then I wonâ€™t have to hide
I could let it all out
And i wonâ€™t care anymore
How you throw me about

And my stomach churns while my heart yearns
You have moved on to me
You still ainâ€™t gone
You are so near
But so far
Yes, you know
What you are
You donâ€™t know what you do to me
I wanna be like you used to be
Ooh
Be like you used to be
I wanna be like you used to be
Ooh
Be like you used to be

I wanna cry but the tears wonâ€™t come out
I want it to be like you used to be
