"All Or Nothing"

Turn me in or turn me loose
Crank it up inside the noose
Lose it all for something more
But life won't be a bore

Just say that it's over
Please tell me tonight
Give me all or nothing
Show me the rite

Won't play the same ol' game
That path is for the tame
Don't care for what remains
As long as there's no more

Just say that it's over
Please tell me tonight
Give me all or nothing
Show me the rite

If there's a way then let's find it today
If it's over then show me the grave
If there's a way then I would like to stay
But I'll never hide

Just say that it's over
Please tell me tonight
Give me all or nothing
Show me the rite
