Systems collide, chaos man, living in corruption  
Get in or get out the way.

Move beyond, paradigm, you'll be enslaved  
Enslaved

You're still gunning for (the questions you can't  
answer)  
Don't wanna see the exit  
Escher's path youâ€™re going for (running round in  
circles)  
Don't know it mind or fact

Fall in line, little man, desolate destruction  
Careful with that house of cards  
You're denied paradise, no sweet embrace  
No sweet embrace

You're still gunning for (the questions you can't  
answer)  
Don't wanna see the exit  
Escher's path youâ€™re going for (running round in  
circles)  
Don't know it mind or fact
