Maybe I was too forward  
Maybe I was too shy  
Maybe I get it so wrong  
That I thought we were right  
Maybe I get too angry  
Maybe I stay too calm  
Maybe I get it so wrong  
That I thought we were right

I feel like a fool today  
I feel like a fool (x2)

Didn't I give you something  
Didn't I tow the line(?)  
Didn't I get it so wrong  
That I thought we were right  
Didn't I tell you everything  
That was on my mind  
Maybe I get it so wrong  
That I thought we were right

I feel like a fool today  
I feel like a fool (x2)

When all I say standing out  
When all I say casting doubt(?)  
Pushing me away, common,  
pushing me away(x2)

I feel like a fool today  
I feel like a fool (x2)

Common, pushing me away

((Pushing me away))
