Bright Lights Throw Me  
Oh My God The Music Stopped  
Tell Me Where I Just Left Off  
I Get So Scared  
Everything Starts To Shake  
Tell Me That I'm Thinking Straight

You Carry All The Weight  
You Carry All The Weight  
You Carry All The Weight For Me

All Eyes On Me  
Attentively I Start To Trip  
Watch Me As I Start To Flip  
I Get So Cold  
I Can Not Trust Myself Sometimes  
I'm Working On A Dangerous Line  
You Carry All The Weight  
You Carry All The Weight  
You Carry All The Weight For Me

(Vocalizing)  
Always  
Always  
Stay  
Always  
Always  
Stay

You Carry All The Weight  
You Carry All The Weight  
You Carry All The Weight For Me
