I wanna believe you, wanna be you
Wanna trust every word that escapes you
Wanna know each day exactly where you are

I want you to be me, to complete me
Never thought that you would deceive me
Even though I've only known you from afar

When you think you've got it covered
Got me hooked on every line you've ever said
As the truth becomes discovered
Yeah, who do you think you are?
You're fucked up in the head

Wanna embrace it, just to taste it
So you built yourself a replacement
In the hopes to make them think that you're a star

Yeah, maybe I don't deserve you, what you've been
through
Haven't felt the pain that's inside you
Never seen somebody fake so many scars

When you think you've got it covered
Got me hooked on every line you've ever said
As the truth becomes discovered
Yeah, who do you think you are?
You're fucked up in the head

Don't you dare turn this on me
After all that you've done
Must be hard to remember
All the webs that you've spun

When you think you've got it covered
Got me hooked on every line you've ever said
As the truth becomes discovered
Yeah, who do you think you are?
You're fucked up in the head

When you think you've got it covered
Got me hooked on every line you've ever said

As the truth becomes discovered
Yeah, who do you think you are?
You're fucked up
Who do you think you are?
You're fucked up in the head
