Now that it's just me and you
Imagine what these hearts could do
Our pulses beating fast
We know that it won't last
Are you nervous just like me?
I'm so scared, it's hard to breathe
My hands shake with yours
I'm broken behind closed doors

I know this should end,
But I just can't leave
You know I'll be back again

Love and hate
It's a fine line that binds us
You and me
Loving me, a promise that you never kept
Love and hate

Now that I'm all alone
I find it hard to feel
And after all these years
The wounds began* to heal
Never again with someone like you
You colored me black and blue
Black and blue
Colored me black and blue

Love and hate
It's a fine like that binds us
You and me
(You and me!)
Loving me, a promise that you never kept
Love and hate
(Love and hate!)

Love and hate
(Love and hate!)
It's a fine like that binds us
You and me
(You and me!)
Loving me

(loving me!)
A promise that you never kept
Love and hate
(Love and hate!)

*Album booklet states "began" but I hear "begin"
