These animals need chemicals
Damn I must look pitiful
I wouldn't have it any other way

Sleep with one eye open
She's watching me, she's stalking me
I'm counting down the hours til I'm free
(Come save me)

Face down, they dragged me through those broken
doors
(They're taking me, taking me away)
They say that I'm insane but who's to blame?
(Did I do this to myself?)

Ohh, ohhhhh, ohhhhh
I wish I was a little faster
ohh, ohhhhh, ohhhhh
I'm always running from disaster

They tell me that I'm crazy
Then choke me with some medicine
Should've let me gone the way that I had planned

Prozac, Zyprexa
Breakfast for the champions
If I swallow, I'll forget what has been done
(Come save me)

Face down, they dragged me through those broken
doors
(They're taking me, taking me away)
They say that I'm insane but who's to blame?
(Did I do this to myself?)

Ohh, ohhhhh, ohhhhh
I wish I was a little faster
ohh, ohhhhh, ohhhhh
I'm always running from disaster
[x2]

Everybody says I need some help

Sent away and locked up in a cell
Nice to know that I'm not alone
We run and hide cause we're scared they'll konw
I always wondered what would happen if I had gone
Do us all a favor and send a letter from hell

Ohh, ohhhhh, ohhhhh
I wish I was a little faster
ohh, ohhhhh, ohhhhh
I'm always running from disaster
