Closing time. Clearing all thoughts off my mind. If it's a long shot- you don't trust me. Close your eyes. Now please don't let me be alone. On the line. Static in my mind. After nine, when everything grows dark, You don't hear me, you're losing your mind. Now please don't let me be alone.

Close your eyes. Blink if you want to. But in time, I know I don't want you. You don't trust me, close your eyes. Now please don't let me be alone.

On the ridge. You don't need to fear me. By the bridge. You don't want to hear me. You still don't trust me, close your eyes. Now please don't let me be alone. You're no tool- I don't want to use you. I'm not cool but I don't want to lose you. You still don't trust me, close your eyes. Now please don't let me be alone.
