Verse

Now it started off playtime, close to nighttime
I'm wit my girl and she fine
We chill and we bored watching movies on the flat
screen
I'm tellin her all my goals and she tell me all her
dreams
I felt like, this was the realest shit ever, man
I purely made a girl that was down wit me forevaaaa
Or what i thought, but, lets get to the message man
I got up off the couch and walked to the kitchen
right wen i opened up the dafucking refrigerator man
I heard a loud scream i started to think about my
neighbor
Yo baby u hear that?
That shit was sounding crazy man
My next door neighbor with all them goddam babies
She laughed it off, I went back to the couch
That's when i heard another bang and i could'nt figure
it out
I opened up my door man and cleared the peephole
out
but this shit fucked up, and i couldn't see out
and my girl walked to the door because she think that
i'm trippin
And i thought she had my back.....she slippin
my (pause) door neighbor he opened up the gate
something was weird.....sssg...look at his face
I looked at him, and he looked like he was on drugs
I (pause) back to my house to go get my gun
he started banging on the door
i ran upstairs, made sure i locked the door
started loadin up my bullets in the glock

cockin the pistol top,my wife acting weird cuz
she not freakin out....
and im thinking nothing of it
i'm jus thinking wassup
told her go back in the corner and go watch my back
if this dude come in i'm finna lay him flat
ima open up the door and he still on my mat
i grip my glock 9 and let 14 splat
and his face blew off,my girl
she seen it all
i ain't gonna lie i was scared as a motherfucker dawg
i dropped the gun and sat back on the couch
my wife screamed,"i cant believe that shit happened
right now"
i told her i love her,no matter what the fuck happened
no money,in my safe,cuz im walkin on mattress
public defending not public defending shit
i think ahead cuz i seen dudes that been thru it
i went outside, picked up the body and called the police
i had the rounds where i shot em
they came fast,they dropped me to the ground
they said i was finna go...all the way down
they arrested my girl and the search the whole dam
house
next thing i know im in jail with my fuckin hands out
all day thinkin about, a call to my girlfriend n
hear a couple things i'm in a whirlwind
that's when this shit,got sick man
the weeks go by,the d.e.a
read codes all the rights and shit and a bunch of
names
they said they had my wife down in the interrogation
and i wont believe the shit i found in the situation
they took her phone back at the house
and they checked thru her messages..and the, facts
came out
uh,she was texting homeboy to come rob her boyfriend
so she knew about the whole situation.the end.watch yo
bitch
