If they donâ€™t have guns they throwing bricks
They do that for fun, lame niggas better run

Long barrel with some nuts, put that shit up in your throat
I pray to God I donâ€™t go broke, I got that 5-0-4
Oh, he think he hard? Send his ass to a Cali hoe

Cuff her instant, no oh, oh, oh

Funny how all these niggas go broke

Looking at my fucking back means making me low cold

All that Twitter beef, dog, you ainâ€™t â€™bout that life, wow

Seen his ass the next day, that boy called the 5-0

Yeah, nigga, we steady buzzing, we ainâ€™t got no problems, trust me

I ainâ€™t gonna never stop and I put that on my cousin

Man, I put that on my cousin, Iâ€™mma ride in these streets

Man, I put that on my niggas, then we all gonna eat

Man, them niggas ainâ€™t really balling, just some fucking hypocrites

Man, Iâ€™m â€™bout to get a million, Iâ€™mma make that

shit flip
All my niggas keep their clippers, you can get your
weird clip
Old school, all white, on that corner every night
Bitch, I got to pay my lawyer, I got cases to fight
Dipping in the two door on the turn pike, I don't like
rats, I don't like mice
I'm on her ass like white on rice, I smash that ass like
once or twice
And I wonder why all the niggas wanna bite, I say my
father is Jesus Christ
He told me keep doing your thing and everything will
be alright
Just call my phone when you wanna get it on, when you
home alone, baby, we can get grown
I'm fucking thuggin' and I put that on my cousin

Man, I put that on my cousin, I'mma ride in these
streets
Man, I put that on my niggas, then we all gonna eat
Man, I put that on your mama, that I got this here
Man, I put that on my niggas, Lead Brigade gonna be
the shit

Man, I put that on my cousin
Cousin, cousin
Put that on my cousin
Cousin, cousin
Y'all put that on my cousin
Cousin, cousin
I put that on my cousin
Cousin, cousin

Hey, when I say go nigga stay low
That payroll on a day, yo
When I say go nigga better go
That payroll on a ray road
Nigga say go and I can't go
And I ...like a ray go
And I can't go on a ray road
And I lay low, bitch I lay low
