{Freestyle - Lil Cory}

Wake up in the morning getting straight to the money  
bruh  
Get it how you live, that's just how I'm coming up.

Ain no moving out the game, I keep it reserved.  
You should know I ball hard the way I throw the curbs.

And you know I always got that work  
My shit will have you geekin' like a mofuckin nerd

First you waitin on tha hook  
Then you waitin on tha verse

Think you waitin on ya plane?  
Boy ya waitin on ya herse.

Chill out before you get murked  
Calm down before you fuckin get hurt

Big boy pick you up by yo mofuckin shirt  
Ima diamond but you know I'm jus chillen in the dirt

They hella jealous cuz they see that all I do is move that  
work  
600 for the chain, 200 hundred for tha shirt

Bitch I get it in all I do is smoke that purp  
You a broke nigga diggin in ya momma purse

Tired of the cheap thrills round tha mofuckin block  
Everyday a damn struggle man this shit just needs to  
stop

Ever since I can remember I was runnin from the cops  
Had to make a lil dollar cuz I neva had allot
