"Water Ran"

Visit "[Water Ran](#)" on MotoLyrics.com

Through your door and mine
I know
It's too late to say I would have liked to know you
I know
I stare at the walls of my green green kitchen
I stare at the doors of my empty mind

Water Ran
Through your door and mine
I know
It's too far to say I would have liked to hold you
I know
So I stare at the mains of all time together
I stare at the ways of my long time lonely

Don't you like the way we made love that day

Don't you like the way it was drugs that made me stay
X2

Water Ran
Through your door and mine
I know
It's too hard we are said I would have liked to love you
I know
I stare at the walls of my green green kitchen
I stare at the doors of my empty mind

Don't you like the way we made love that day
Don't you like the way it was drugs that made me stay
X4
