I feel a compassion for your beautifulless
I fell your natrual beauty for everyone.
Girl I know you like the way I flow
I also like the way you flick your hair back in rows
Girl your so amazing you make the earthshake and
when you smile the worlId stops and stares for a while.
Girl I can smell you from a mile away Getting that fresh
scent from,
It so wonderful
I dream of you girl everyday even when the night
cascades away, Ithink of you when I about to sleep,
you take me to sleep every,
just the thought of seeing the next day wakes me up.

I singing you right now
Were free right now, the time is on our side
Do you wanna go down to the beach brighten
Maybe, down to the south east or the south coast
Adventure islands maybe
Baby we got all the time in the world
Your giving me a Compassion

Uh I hear voices in my head telling me to listen, But I
gonna follow my heart
Your my heart and my everything
giving you up is like giving my life away,
I've told everyone but you,
Your so beautiful my future awaits with you in paradise
waking up and seeing you is like two lives.

I singing you right now
Were free right now, the time is on our side
Do you wanna go down to the beach brighten
Maybe, down to the south east or the south coast
Adventure islands maybe
Baby we got all the time in the world
Your giving me a Compassion
