Step back,
as I rip up on the mic
you know my pants got ripped
cause my flow so tight
yeah the ladies get wet
once they catch a sight
of this vegetable man
spittin sick flows all night
cant stop, dont quit
i gotta keep spittin
til I get a lick of the game
like gene simmons
I get sun kisses
florida weather
and im still getting kissed
when im wearing a sweater
im going up north, down south
it dont matter man
everywhere i go homie
Im still the badder man
ladies can't debate it though
I know they missed me
but have no fear, Im back to
making hits B
