[Lil' Tubb - Chorus]

Put it on me shawdy, Push me to the wall
Ya lips so phat I see ya pussy through ya draws
20 minutes in now you wish he didn't call
Igg it til we finish hope that pussy get involved
We gone kick it low-key, and Pour lean
Cause she can get it
Keep her on a short leash, if you know me
Cause she can get it

[Money Maine]

Bad bitch with her head in my lap
She got that super soaker mouth with that arch in her
back
And her head on the money and she dont even tax
Got me grabbin on her neck and her tounge so wet
And her head so good you thought I wrote her a check
And I bent the bitch ova and she like whats next
I say I love ya head game but I love you less
(say I love ya head game but I love you less)

[Lil' Tubb - Chorus]

Put it on me shawdy, Push me to the wall

20 minutes in now you wish he didn't call

And I exercise her kitty
When she get back around you she gone have to hide

My dick game a killer nigga testify against me
She aint satisfied with quickies
And if she catchin feelings then i'm passin Micheal

Cause she definitely not a Nicki
You can check me if you feel me
When you catch me outcha city
Bad bitch or not boy I bet you I can get it
