I miss the sound of your voice
And I miss the rush of your skin
And I miss the still of the silence
As you breathe out and I breathe in
If I could walk on water
If I could tell you whats next
Make you believe
Make you forget
So come on get higher
Loosen my lips
The faith and desire
With the swing of your hips
Just pull me down hard
And drown me in love
So come on get higher
Loosen my lips
The faith and desire
With the swing of your hips
Just pull me down hard
And drown me in love
I miss the sound of your voice
Loudest thing in my head
And I ache to remember
All the violent sweet
Perfect words that you said
If I could walk on water
If I could tell you whatâ€™s next
Make you believe
Make you forget
So come on get higher
Loosen my lips
The faith and desire
With the swing of your hips
Just pull me down hard
And drown me in love
So come on get higher
Loosen my lips
The faith and desire
With the swing of your hips
Just pull me down hard
And drown me in love
I miss the pull of your heart

I taste the sparks on your tongue
And I see angels and devils are gone
When you come on
Hold on, hold on, hold on, hold on
Sing sha la la la
Singing sha la la la la
Woooo
Come on get higher
Loosen my lips
The faith and desire
With the swing of your hips
Just pull me down hard
And drown me in love
So come on get higher
Loosen my lips
The faith and desire
With the swing of your hips
Just pull me down hard
And drown me in love
So come on get higher
So come on get higher
So come on get higher
Drown me in love
So come on get higher
So come on get higher
So come on get higher
And drown me in love
(Come on get higherrrr)
