Take me back to school and teach me, teach me

How to be kind, can we just rewind

Go back to the times that were breezy

Free from all, all this pain I'm feeling

Please come through, come through

I'm given up, giving up because enough is enough

We're in luck 'cause we're in love

It's true, with you

I'm given up, giving up because I need, need your touch

I miss your kiss way too much

If I could only be where you want me to be I'll be there

If I could only be where you want me to be I'll be there

I'm out of my hair, since you left I bear

Don't leave us for dead, remember

Remember the places we've been

Those things that we've done

Those days in the sun last forever, ever

And I'm too sad to stop crying

In front of you, bleeding blue

I'm given up, giving up because enough is enough

We're in luck 'cause we're in love

It's true, with you
I'm given up, giving up because I need, need your touch
I miss your kiss way too much
If I could only be where you want me to be I'll be there
If I could only be where you want me to be I'll be there
What good am I without you by my side?
The moment that I lost you something died, I just can't lie, no
But you're the only thing that brings me back to life, ooh
I'm given up, giving up because enough is enough
We're in luck 'cause we're in love
It's true, with you
I'm given up, giving up because I need, need your touch
I miss your kiss way too much
If I could only be where you want me to be I'll be there
If I could only be where you want me to be I'll be there
Oh I'm given up, giving it up
I said I'm given up, giving it up
I said I'm given up, giving it up
Oh I'm given up, giving it up
I said I'm given up, giving it up
I said I'm given up, giving it up
If I could only be where you want me to be I'll be there
