I was headed for the danger zone  
feeling all on my own  
now that you're gone  
didn't ever think I'd slime again  
After the tears and the pain the love went away  
And now I'm ready

I learned how to say goodbye  
Let go of the past  
Freedom at last from feeling so low  
And I made a promise to myself  
That I'm never gonna hurt again

Been broken hearted too long  
Sick and tired of crying alone  
From this moment I'm back to life  
Remember who I was before you  
Now I'm alive and feeling brand new  
From this moment I'm back to life

Now the afterburn of you and me  
Felt like a first degree emergency  
Restaurant the agony  
Now I'm finally ok now I'm making my way  
Now I'm ready

Coz' I learned how to say goodbye  
Let go of the past  
And I made a promise to myself  
That I'm never gonna hurt again

Been broken hearted too long  
Sick and tired of crying alone  
From this moment I'm back to life  
Remember who I was before you  
Now I'm alive and feeling brand new  
From this moment I'm back to life
