Verse:

I've fallen down more than you will ever know.  
I'm not a saint but I'm trying to be.  
It's from the ashes that I will rise  
And take the steps back to change my life.

Pre-Chorus:

This is my chance to show you true love

Chorus:

Jump don't stay  
You don't have to worry again  
And all the things that I planned  
I meant every word I said

Take a Stand

You will have to fight for what you love  
And all that it's gonna be.  
I promise that there is hope

Breakdown:

I'm not mindless  
I am a martyr  
But let's not be led  
like sheep to the slaughter

Verse:

They may call you a failure, failure  
Saying things like, "you'll never mean anything".  
Here's a note written just for you  
To me you mean everything

Pre-Chorus:

This is my chance to show you true...

Chorus:

Jump don't stay  
You don't have to worry again  
And all the things that I planned  
I meant every word I said  
(Love)  
Take a Stand  
You will have to fight for what you love  
And all that it's gonna be.  
I promise that there is hope
