When I wake up in the morning  
I don't worry about where you are  
I don't worry about where you been  
Now when I think about love  
It doesn't feel like such a burden  
Like a hole I was buried in

No more arguing no more fighting  
No more you making me feel  
Like I am nothing  
I'm feeling good today  
The hurt has gone away  
With you not around  
I'm glad I can really say

I'm better I'm better I'm better  
Better without you  
And I don't know bout you  
But I know  
I'm better I'm better I'm better  
Better without you  
And I don't care about you

Now when I see you  
You're nothing more than a memory  
It's like my heart is finally free  
There is nothing that you could show  
To make me travel back down that road  
To be happy I had to go

No more lying no more crying  
No more giving you all I had just for nothing  
I'm feeling good today  
Yes I'm on my way  
With you not around  
I'm glad I can really say

I'm better I'm better I'm better  
Better without you  
And I don't know bout you  
But I know  
I'm better I'm better I'm better

Better without you  
And I don't care I don't care  
about you

I'm better without you  
I don't need you here  
My life is much better  
My mind is so clear  
Your love wasn't real  
You played with my heart  
We were bad together  
But we're better apart

I'm better (I'm better)  
Yes I'm better (yea I'm better)  
Really better (really better)  
So much better (so much better)

I'm better I'm better I'm better  
Better without you  
And I don't know about you  
No no  
I'm better I'm better I'm better  
Better without you  
And I don't care I don't care  
about you
