V1

I'll never do you like her
She never loved you I'm sure
How could she have a king
And not give you everything
I know your heart is in pieces
But I wanna be the reason
That you love again
Be your lover and your friend

We are not all the same
I know that she hurt you
But I'm here cuz you deserve to
Love and be loved again
So don't shut me out cuz I know

Chorus

I know what's in your mind
It'll be alright
Please don't be scared of me
I won't be scared to be
Everything you need boy you can trust in me
Please don't be scared of me
I won't be scared to be
Everything you need

V2

I know your faith is all gone
You heard your last sad love song
But if you let me in
I promise you will always win
I'll wrap you up in my love
The kind you never run away from
Boy you gotta see
your love was made for me

I know you're thinking to yourself why
Should you give it another try
You've already been hurt once
And for you this ish ain't fun
But I wanna change all that
If you gimme just one chance

To be the queen you need
I'll give you everything

Pre chorus

Chorus

Everything you need
Everything you need
Everything you need
Everything you need
That's what wanna be

Chorus
