

## Little Auk "Wooly Clouds"

Visit "[Wooly Clouds](#)" on [MotoLyrics.com](https://MotoLyrics.com)

We paint the sky  
Bright as blue  
With a wooly darts of clouds  
You take my hand  
We play around  
In the greenest grass

Today you crown me your Prince  
With your blinking eyes

We play hide and seek  
On the mountain side  
Where we're both invisible  
You take my hand  
Drive me through this  
Unsuspicious crime

Today you crown me your Prince  
With your tender lips

Jump with me  
Hold on to the mountain side

Climb upon a cloud  
Let the whole world pass us by

Today you crown me your Prince  
Your Majesty  
Today you crown me your Prince  
And I declare you mine
