Ah, ah, ah, ah, ah
Ah, ah, ah, ah, ah

(Jade)

Can't breathe, can't sleep, crazy what you're doing to me
That is smoking, feeling my heart is open
So hazy but it's alright, you take me to the dark side
Dangerous, but I'm fearless, oh

(All)

My eyes are blue, but I'm seeing red
And I just can't shake you outta my head
Maybe, maybe, maybe
Maybe, maybe, maybe

(All)

I'm a little bit love drunk, ever get the feeling when you're miles away
Everybody's looking at me walking, something, hard to talk him up and
Got a... on the face, promise I'll be checking on your lemonade.
That's all it take, my heart just on one of a someone

(All)

I'm a little bit love drunk

(Leigh, Perrie)

Feeling, so hot, I'm taking your clothes off
Glasses steamed up, I'm dreaming that no one can see us
Laying underneath the stars, when Jupiter hits on Mars
And it hits me so hard

(All)

My eyes are blue, but I'm seeing red
And I just can't shake you outta my head
Maybe, maybe, maybe
Maybe, maybe, maybe

(All)

I'm a little bit love drunk, ever get the feeling when you're miles away
Everybody's looking at me walking, something, hard to talk him up and
Got a... on the face, promise I'll be checking on your lemonade.
That's all it take, my heart just on one of a someone

(All)

I'm a little bit love drunk

(Perrie)

Dripping out on the floor, freaking out for sure
Still I need you more, love drunk
And I put down the first,.. you're doing every time
Shake you outta my mind

(Leigh)

Just a little bit love drunk heading the crowd
And that will never be a hater that can bring us down
I been... my words and I don't know what to say
But it's a feeling that I believe in and never felt this way

(Leigh)

And I swear I don't even like...
They call me love drunk cause I'm far from tipsy
They call me love drunk, what are you doing to me?
They call me love drunk cause I'm far from tipsy

(All)

My eyes are blue, but I'm seeing red
And I just can't shake you outta my head
I'm getting so hot that I'm getting cold
I'm a feverish and I'm about to blow

(All)

Maybe, maybe, maybe
Maybe, maybe, maybe

(All)

I'm a little bit love drunk, ever get the feeling when you're miles away
Everybody's looking at me walking, something, hard to talk him up and
Got a... on the face, promise I'll be checking on your lemonade.
That's all it take, my heart just on one of a someone

(All)

I'm a little bit love drunk

(All)

I'm a little bit love drunk
I'm a little bit love drunk

(All)

I'm a little bit love drunk
My eyes are blue, but I'm seeing red
I'm a little bit love drunk
