(Jade)

Boy step a little closer
Cause I don't think you've heard this once before (Yeah)
Lay me left to rock me right, baby let me I'm so high
Take me to another world

(Perrie)

Cause no one else will do
Don't wanna be by myself
I wanna be dancing with you

(All)

Cause you're my stereo, stereo, stereo soldier
Oh oh, oh oh
My stereo, stereo, stereo soldier
Oh oh, oh oh

(Perrie)

All I need is the beat and my feel let me lose control
Get me loud, get me now, take my heart
Baby take my soul
Left, right, left, right

(Leigh)

Run the beat and blow my speakers
And make me feel like I'm the only girl
The way we move is so in time
I'm the ... of the skills blow my mind
They don't make my lacking no more (yeah, yeah)

(Jesy)

I'm in heaven now, so in love
Lay you're weapons down, and turn it up
Up, up, up, up

(All)

And be my stereo, stereo, stereo soldier
Oh oh, oh oh
My stereo, stereo, stereo soldier
Oh oh, oh oh

(Perrie)

All I need is the beat and my feel let me lose control
Get me loud, get me now, take my heart
Baby take my soul

Left, right, left, right

(Jesy)

Can you save me
Can you set me free
Cause I need to feel alive
Oh we have to survive

(Perrie)

Cause you chased me
Now I believe
And I need to feel alive
Oh we have to survive

(All)

Stereo, stereo, stereo soldier
Oh oh, oh oh
My stereo, stereo, stereo soldier
Oh oh, oh oh

(Perrie)

All I need is the beat and my feel let me lose control
Get me loud, get me now, take my heart
Baby take my soul
Left, right, left, right
