I am waiting, I am waiting, oh yeah, oh yeah
I am waiting, I am waiting, oh yeah, oh yeah
Waiting for someone to come out of somewhere
Waiting for someone to come out of somewhere

You can't hold out, you can't hold out, oh yeah, oh yeah
You can't hold out, you can't hold out, oh yeah, oh yeah
Waiting for someone to come out of somewhere
Waiting for someone to come out of somewhere

See it come along, don't know where it's from
Oh, yes, you will find out
Happens all the time, censored from our mind
You'll find out

Slow or fast, slow or fast, oh yeah, oh yeah
End at last, end at last, oh yeah, oh yeah
Waiting for someone to come out of somewhere
Waiting for someone to come out of somewhere

Stand up coming years, escalation fears
Oh yes, we will find out
Like a withered stone, fears will pierce your bone

Stand up coming years, escalation fears
Oh yes, we will find out
Like a withered stone, fears will pierce your bone
You'll find out

Oh, we're waiting, oh, we're waiting
Oh, we're waiting, oh, we're waiting
