Visit "[Troubles Of The World](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Soon I'll be done with the trouble of this world  
Trouble of this world, trouble of this world  
Soon I'll be done with the trouble of this world  
Going home to live with God

There'll be no more weeping and wailing  
There'll be no more weeping and wailing  
There'll be no more weeping and wailing  
Going home to live with God

I'll going to see my mother over there  
I'll going to see my mother over there  
I'll going to see my mother over there  
Going home to live with God

There'll be no more weeping and wailing  
There'll be no more weeping and wailing  
There'll be no more weeping and wailing  
Going home to live with God  
Going home to live with God  
I'm going home to live with God
